One spray lasts all day

Formulated with
Zetrisil® 

Foaming
HAND SANITIZER

**For long lasting,
alcohol-free Protection**

**KILLS UP TO 99.999% OF HARMFUL GERMS
FAST ACTING IN LESS THAN 15 SEC
PROTECTS FOR UP TO 24 HRS
SOFTENS + CONDITIONS**

A single application of Germfree24[®] Hand Sanitizer on the skin not only eliminates bacteria, but also prevents bacterial reinfection by maintaining a long-lasting Nano-protective barrier. Other hand sanitizers on the market today are primarily ethyl or isopropyl alcohol formulations, which are largely short term antibacterial in nature and only provide limited protection for 30 seconds.

Germfree24® Hand Sanitizer Foam is a unique, fast-acting, alcohol-free product that forms a protective antimicrobial barrier on your hands, offering long-lasting protection against germs while gently moisturizing your skin.

Up to 24 hours protection against harmful germs

Germfree24® Hand Sanitizer Foam uses unique nano-antimicrobial technology that not only kills on contact, but also has persistent activity that helps prevent infections.

The persistence of Germfree24® Hand Sanitizer Foam has been shown to remain effective for up to 24 hours.

Kills up to 99.999% of harmful germs

Germfree24® Hand Sanitizer Foam kills up to 99.999% of the harmful germs it comes in contact with by disrupting the outer cell membranes resulting in a physical kill.

This physical kill ensures microorganisms don't adapt or become resistant over time.

Alcohol-free formula

Most hand sanitizers contain high percentages of alcohol to poison germs, generally over 65%. This creates a highly flammable, poisonous mix that carries with it opportunity for being ingested amongst other factors. Constant use of alcohol based hand sanitizers also has the effect of drying out your skin, leading to irritation and cracking.

Germfree24® Hand Sanitizer Foam is water based and contains no alcohol. It's also non-flammable, and non-poisonous, making it more effective & safer hand sanitizer for the whole family.

Moisturizes your hands with Aloe vera

Germfree24® Hand Sanitizer Foam is a water-based sanitizer with added aloe vera to leave your hands feeling fresh and soft.

PRODUCT COMPARISON'S

Germfree24® Hand Sanitizer Foam

Other hand sanitizers

Long-lasting protection tested up to 4 hours

Alcohol-based protection lasts just 30 seconds

100% alcohol free

Over 60% alcohol
