One spray lasts all day

Formulated with
Zetrisil  [®]

TOPICAL ANTISEPTIC

Long lasting, Alcohol-free protection from germs
For minor cuts, burns & abrasions

FIRST AID ANTISEPTIC
KILLS UP TO 99.999% OF HARMFUL GERMS
MAXIMUM STRENGTH
MOISTURIZES WITH ALOE VERA

A single application of Germfree24[®] Topical Antiseptic on the affected area will not only control bacterial infection, but also prevents bacterial reinfection by maintaining a soothing, long lasting Nano anti-germ protective barrier where applied.

Germfree24[®] Topical Antiseptic is a unique, alcohol free, fast acting formula for the whole family that forms a protective antimicrobial barrier on your skin, offering long lasting protection against germs while gently moisturizing your skin.

Up to 24 hours protection against harmful germs

Germfree24[®] Topical Antiseptic uses unique nano-antimicrobial technology that not only kills on contact, but also has persistent activity that helps prevent infections.

The persistence of Germfree24[®] Topical Antiseptic has been shown to remain effective for up to 24 hours.

Kills up to 99.999% of harmful germs

Germfree24[®] Topical Antiseptic kills up to 99.999% of the harmful germs it comes in contact with by disrupting the outer cell membranes resulting in a physical kill.

This physical kill ensures microorganisms don't adapt or become resistant over time.

Alcohol-free formula

Most hand sanitizers contain high percentages of alcohol to poison germs, generally over 65%. This creates a highly flammable, poisonous mix that carries with it opportunity for being ingested amongst other factors. Constant use of alcohol based hand sanitizers also has the effect of drying out your skin, leading to irritation and cracking.

Germfree24[®] Topical Antiseptic is water based and contains no alcohol. It's also non-flammable, and non-poisonous, making it more effective & safer hand sanitizer for the whole family.

Moisturizes your hands with Aloe vera

Germfree24[®] Topical Antiseptic is a water-based sanitizer with added aloe vera to leave your hands feeling fresh and soft.

PRODUCT COMPARISON'S

Germfree24[®] Topical Antiseptic

Other Antiseptics
